Automation Development in Java - Oracle Taleo Student Internship

We are seeking students for **well-paid**, long-term, **part-time** or full-time job in **Automation Development** department. Candidates will work with the Engineering Shared Services team responsible for automating tests and development processes of Oracle Taleo products.

QUALIFICATIONS

Applications under test are using j2ee as a back-end and the front-end being tested is **HTML** and **Flex**. Tests are written in **java** programming language. To successfully develop test automation we are combining following technologies:

- Home-grown test framework,
- **Selenium**,
- **FlexMonkey**,
- **Junit**,
- Hudson - continuous integration server and test running,
- Eclipse Java Development IDE
- Maven

KEY REQUIREMENTS FOR THE ROLE

Good java programming skills are required for this internship program. You will be ideally student in 4th or 5th year of Computer Science related studies. Experience in remaining abovementioned technologies is nice to have. Trainings will be planned individually to cover successful candidates' knowledge gaps in these technologies.

Selected candidates will work with the core team as SCRUM team members. They will have a chance to see the full development life cycle. It is an opportunity to gain hands-on experience in:

- working together with other developers - about 10 people - on the same code base using Subversion repository
- code reviews facilitated by the Crucible
- organizing test automation code into well-formed framework consisting of, among others, test classes, page objects and services.
- SCRUM activities like estimation, sprint planning, sprint review, daily meetings, retrospectives.

WE OFFER

flexible working hours to comply with candidates' time table at the university. We are interested in a longer relationship at least 6 months. Our preference is to offer employment for successful candidates after graduating.

Internship will take place in our Product Development office in Quatro Business Park, al. Gen. Bora-Komorowskiego, **Krakow**.

To apply send copy of your CV in English to riana.kremenova@oracle.com.
